

FORT ST. PHILIP FIELD

03-449 and 03-450

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m., on **TUESDAY, JUNE 24, 2003**, upon the application of **GULF PRODUCTION COMPANY, INC.**

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an Order pertaining to the following matters relating to the **E Sand, Reservoir A and the G Zone, Reservoir A**, in the Fort St. Philip Field, Plaquemines Parish, Louisiana.

E SAND, RESERVOIR A

1. To establish rules and regulations governing the exploration for and production of gas and condensate from the E Sand, Reservoir A.
2. To create a single drilling and production unit for the E Sand, Reservoir A, designated as the E RA SUA as shown on the plat submitted with the application.
3. To force pool and integrate all separately owned tracts, mineral leases and other property interest within the unit so created on a surface acreage basis of participation.
4. To allow the Commissioner of Conservation to reclassify the reservoir by supplemental order, without the necessity of a public hearing, should the producing characteristics of the reservoir change and evidence to justify reclassification is submitted to accepted by the Commissioner of Conservation.
5. To consider such other matters as may be pertinent.

The E Sand, Reservoir A, in the Fort St. Philip Field, Plaquemines Parish, Louisiana, is hereby defined as that gas and condensate bearing sand encountered between the depths of 9,111' and 9,223' (ELM) (8,823' to 8,932' TVD) in the Gulf Producing Co., Inc. (formerly Panaco, Inc.) - May Helen DeValle No.1 Well, located in Section 48, Township 19 South, Range 17 East.

G ZONE, RESERVOIR A

1. To establish rules and regulations governing the exploration for and production of gas and condensate from the G Zone, Reservoir A.
2. To create a single drilling and production unit for the G Zone, Reservoir A, designated as the G RA SUA as shown on the plat submitted with the application.
3. To force pool and integrate all separately owned tracts, mineral leases and other property interest within the unit so created on a surface acreage basis of participation.
4. To allow the Commissioner of Conservation to reclassify the reservoir by supplemental order, without the necessity of a public hearing, should the producing characteristics of the reservoir change and evidence to justify reclassification is submitted to accepted by the Commissioner of Conservation.
5. To consider such other matters as may be pertinent.

The G Zone, Reservoir A, in the Fort St. Philip Field, Plaquemines Parish, Louisiana, is hereby defined as that gas and condensate bearing zone encountered between the depths of 9,378' and 9,833' (ELM) (9,079' to 9,574' TVD) in the Gulf Producing Co., Inc. (formerly Panaco, Inc.) - May Helen DeValle No.1 Well, located in Section 48, Township 19 South, Range 17 East.
